32 — Land reference is invited to para 27 above. The Dir of Agr states that it would be advantageous to accept the offer of the Managing Committee on the ground that the rent of Rs 70 P.M. is paid for under Govt accommodation in Bangalore. The Genl Secy may be consulted. Submitted for orders.

Ld 12/12/31

33 The point of analogy does not appear clear. Bangalore cannot perhaps be compared with Mysore in regard to rental value of buildings. The point to consider perhaps is whether the same accommodation cannot be had in the Sorroundy locality in Mysore for less rent —

34 This has already been considered as is evident from the letter of the Pte.

The Dir of Agriculture in one of his letters stated that the rent of the new construction would be paid by the civil dept. The records do not show why this 'assurance' has not been confirmed.

From the chief Engineer of Mysore
Submits for sanction, plans and estimate
for Rs 17,600 duly countersigned for the
construction of the Veterinary Hospital buildings
at Mysore as called for.

97 44: The estimate and plans have been
countersigned by the chairman of the Trust-
Board, Mysore, as President of the Managing
Committee of the Nanjaraja Bahadur chattram
The work is said to have been started, under
the supervision of the C.P.T.B.

98 45: The estimate is for Rs 17,600/-
excluding the 10½ per cent establishment
and Tools and plant charges which
amount to Rs 1827/-. The chairman
of the T.B. Mysore states that he has
made a reference to the M.C. in Feb 1932
to obtain Govt sanction for waiving these
charges. No recommendation was so far
made by the M.C. about this.

As far as I can gather from the records in this case plan and estimates amounting Rs.31,000/- were received by the Director of Agriculture and sent to the Superintending Engineer duly countersinged. This plan is not on the file but from the site plan in the Muzrai Secretariat file it is seen that provision is made for all the

the structures necessary, that is to say, inclusive of wards. Later, it would appear that the above full amount could not be provided and hence it was ~~xx~~ decided to delete the wards and construct only the other structures (please see letter from Mr. B. T. Kesaviengar No. D.O. 947 E, dated 2nd March 1933 on the file). It is not known whether Dr. Coleman was aware of this letter; the file itself does not show that he was consulted. The Superintendent, Civil Veterinary Department, also informs me that ~~xxx~~ he was not intimated about this ~~xxx~~ restricted plan. The cost of the present structure as per above plan, the construction of which is almost complete, was estimated in the letter referred to above as Rs. 17,400/- by Chief Engineer, against Rs.31,000/- for the full complement of structures originally approved by the Director.

126 I would point out that it will take away greatly from the usefulness of the ~~xx~~ institution if these wards are not constructed; as a matter of fact, even in the ~~xxxxxxx~~ Veterinary Hospitals of the small taluk headquarters towns, accommadation of some sort is provided for wards and in the Capital of the State it will be a serious omission if these are ~~xxx~~ left out.

Two U.O. Secretariat files have been returned from the Dir of Agriculture with remarks.

128 In the beginning, the Nanjangud Bahadur Chattram committee agreed to put up a new structure at Mysore for the location of a Veterinary Hospital. The ~~President~~ Chairman, City Improvement Trust Board, Mysore the Muzrai Commissioner and the Dir of

X.

Agriculture were agreeable to the proposal. Govt, in their order No J 3616-1-8/ C-V. 110-30-10 dated 19/1/32, sanctioned the

H.

proposal of the Dir of Agriculture to locate the dispensary in a new building to be constructed by the chattram authorities and the payment of a rent of Rs 70/- P.M.

129 The chairman, C.I.T.B., moved on behalf of the chattram committee, that the rent fixed at Rs 70/- in the above order may be raised to Rs 100/- P.M, in view of a large sum to be invested by the chattram authorities on the building.

A Letters file

It seems the Superintendent, C.V.D., promised the chairman to get it sanctioned by Govt. No recommendation from the Dir has been received so far & the rent fixed at Rs 70/- P.M. has, therefore, not been raised.

NOTE—Contn. Sheet.

WD 70—GBPM—60,000—13-8-31

130 The cost of the entire structure was originally estimated at Rs 32,5-30/-. But, the chairman, C.P.T.B., stated that the Chattram authorities were not prepared to invest more than Rs 15,000/-. So, the estimate and plan were got revised in order to bring the total amount to the neighbourhood of Rs 15,000/-. On the recommendation of the Nilgiri Commissioner, Govt, in their order No 436-9/Mlg 217-32-2 dated 16/10/33, sanctioned the investment of Rs 15,000/- out of the Chattram funds for the construction of a hospital at Mysore. In that order, the Chief Engineer was requested to send the plans and estimate of the building duly verified by him. The estimate as verified and corrected by the Chief Engineer totals Rs 17,600/-. This was sent, un-officially, to the Dir of Agriculture for remarks.

131 The Dir states that the original estimate for Rs 31,000/- which was sent to Dr. Coleman, was returned to the Superintending Engineer duly countersigned. This included the wards. Later on, when the plan and estimate were revised to Rs 17,600/-, the department does not seem to have been consulted. In the revised estimate the wards were excluded.

BRIEF ABSTRACT OF LETTER

NOTES AND ORDERS.

We are of the opinion that the usefulness of the hospital especially in an important place like Mysore, will be seriously impaired if wards are not constructed. So, he thinks that the new hospital which is nearing completion, must be fully complemented by constructing wards. For this case, the amount required on the whole may be about Rs 31,000/-.

NOTES—First Sheet

WD 69—GBPM—5,000—14-7-31

137 In another linked file relating to the acquisition of land for the building, the Mysore Govt considers that the entire building may be constructed out of Govt funds and independently of the charitram funds. This was referred to the Dir of Agriculture for remarks. He is agreeable to the total cost of the building entire structures and the acquisition of land therefor being met out of Govt funds. He also states that the total amount required for the full complement of the structures including wards may not be too large taking into account the rent of Rs 1000/- P.M. proposed to be paid & that it is too late to approach philanthropic gentlemen for donations as the building is almost ready. He, however, proposes to approach them when the construction of wards is taken up.

138 The points for orders are :-

(1) Construction of the building including the wards & the acquisition of land therefor out of Govt funds as charitram funds are not available.

139 As the building is reported to be nearing completion, a sum of Rs 17,400/- as revised by the chief Engineer & a sum of Rs 3600/- for the acquisition of

of land thereof may have to be provided by Govt- near dai the next year's budget. The Dir may, perhaps, be asked to furnish details & cost of the building under completion including the land to be acquired, duly verified by the Chief Engineer & the source to meet it.

135 As regards wards proposed to be constructed the Dir may, perhaps, be asked to approach some philanthropic gentlemen for donations.

139 Several changes have taken place since the idea of setting a Veterinary Hospital constructed at Mysore originated in the year 1931. It was at first contemplated that the scheme comprising both the Administrative Block as well as a set of Wards for the Hospital at an estimated cost of about Rs. 32,530 should be carried out with the aid of the funds at the credit of the Nanjaraj Bahadur Chuttram. But as the Chuttram Committee were not prepared to invest more than about Rs. 15,000 for the purpose,

Serial No.

the construction of Wards was deferred for the time being and that of the Administrative Block was decided to be taken up. It was also resolved by the Chultram Committee that this work should be started and carried out by the Chairman of the City Improvement Trust Board who also happened to be the President of the Chultram Committee. The cost of this is estimated by the Chief Engineer at Rs. 17,400 besides the usual Tools and Plant charges

140 Another change effected is in regard to the site on which the Hospital was to be constructed. The original idea was to have the construction inside the premises of the Nanjaraj Bahadur Chultram. But this was subsequently changed to a site outside the premises. This naturally involved the acquisition of a piece of land belonging to a private individual at a cost of Rs. 3,600. The site was taken possession of from the party pending formal acquisition proceedings and the construction of the building was taken up and is nearing completion now.

141 This change of site had the effect of leading to a third change in the scheme as originally contemplated. To meet the cost of acquisition of the site, the President of the Chultram Committee came up with a proposal for the grant of a loan of Rs. 6,000 from Government

NOTE—Contn. Sheet.

WD 01955—GPB—22,500—12-6-34

at 4 per cent interest. When the Muzrai Commissioner was consulted on the subject, he pointed out that the idea of the construction of the Hospital being taken up as a matter of commercial enterprise by the Chuttram Committee with the aid of funds to be borrowed from Govt at a cheap rate of interest would not be to the advantage of Government who will have both to advance the money and pay a rent disproportionate to the investment. He was therefore of the opinion that it would be better if the construction of the Hospital was financed by Govt without the intervention of the Chuttram Committee.

14th This change which has met with the approval of Govt and been agreed to by the Director of Agriculture has given a new turn to the whole scheme as originally contemplated. It has raised the question of ways and means to meet the expenditure already incurred and also brought to the foreground the desirability or otherwise of taking up the construction of wards which had been deferred by the Chuttram committee for want of funds. The Director of Agriculture is very keen about the wards as he thinks that it would be a serious omission if they were left out in a premier Hospital in the capital city of Mysore

Serial No.

He says he would try to explore the possibility of securing funds for these structures from private sources. But it might prove to be after all a pious resolution.

14) The points now requiring orders seem to be the following :—

1) Formal sanction has to be conveyed to an estimate for Rs. 17,400 for the construction of the Administrative Block of the Hospital and also to the waiving of Tools and Plant charges;

2) Acquisition of the site already taken possession of for the building at a cost of Rs. 3,600 has to be ordered;

3) Funds have to be provided for both the above items; and

4) The construction or otherwise of the Wards at a cost of about Rs. 15,000 has to be decided and also the question of acquiring an additional site for the purpose by the side of the present site.

Letter No. C-3283/33-34 C.V. 292 dt. 7/7/34 - C 116 934-37

14) In a communication recently received, the Director of Agriculture also requires orders on the following points :—

5) Operation shed to be shifted to the other side of the Main Block or a compound wall to be erected by the road side with a parapet wall of 4 feet and a trap door entrance for leading animals; and

6) A Cattle shed and a Dog Kennel is be provided towards the compound wall of the Chultram before the Hospital is shifted to the new buildings.

(b)) The veterinary hospital, Mysore, is located in certain Municipal buildings and no rent is being paid by Government. The estimate for the construction of a veterinary hospital at a cost of Rs 17,400 was sanctioned from the Nanjaraja Bahadur Chattram Funds subject to the condition that rent at Rs 70/- per mensem would be paid by Government. The Municipality agreed to pay the full rent in the first instance and subsequently have stated that only half the rent would be paid by it. A further expenditure of Rs 3,600 had to be incurred in connection with the acquisition of lands, and the total expenditure already incurred amounts to about Rs 21,000/- The present proposal is to meet the entire expenditure out of Government funds. The Director of Agriculture has also pointed out the need for incurring some further expenditure in connection with the construction of wards etc., and what these would cost has not been mentioned

Serial No.

mentioned by him.

168) From a financial point of view it is cheaper and therefore better to continue for some time at least the existing arrangement under which no rent is being paid by Government. Even if the present Municipal buildings are considered unsuitable, it would have been more economical to hire some private buildings for the purpose. Government are now unnecessarily committed to meet an expenditure of Rs 21,000 immediately and some further expenditure in the future without any return.

169) In the present financial condition, it is not possible to sanction any additional grants for the purpose and the amount required has therefore to be met by reappropriation in the P.W.D. Budget. According to Article 252 M.C.A.C. Vol I, the Mysore City Municipality and the Mysore District Board have to meet one third of the cost (each) and only the remaining one-third is payable by Government. It might be possible to meet this sum (one-third) in the P.W.D. Budget.

170) Sowcar Banumiah had promised to pay Rs 10,000/- (one-fourth of Rs 40,000 original/ estimated cost) in the first instance, and he may be asked to pay at least one fourth of the outlay so far incurred.

171) When it is difficult to provide funds for expenditure already incurred, which has necessarily to be recouped, it is impossible to provide funds for further extensions and improvements and these have to wait till funds could be made available out of donations etc. from the public.

Kindly is invited to Letter No 1070 dated 20/4/34 from the Chairman, C. D. T. Board, to the Mysore Govt. Re. Narayanaya Bahadur Chattram Funds Committee applied for a loan of Rs 6000/- for construction of a Veterinary Hospital at Mysore & the acquisition of land from Mr. Swaminath.	Z. details given in the letter flag Z
(1) The opinion of the Mysore Govt. was that "it would perhaps be better if the construction of the Veterinary Hospital is financed by the Govt. instead the intervention of the Chattram Committee"	H.O. note dated 1/5/34 flag Z
(2) Mr. Kelly Agr. who was consulted unofficially, was of the same opinion. It was therefore decided to meet the entire cost of the construction viz Rs 20,686 (including the cost of acquisition) by Govt. independently of the Chattram Funds. In this Case the question of granting a loan of Rs 6000/- to the Chattram authorities does not arise now.	K Details flag to file 3914.

The Govt was requested, in this office letter No D 546/ C.V 110-30-22 dated 26/7/35, to consider the Chyme Dt Board and City Municipality in the matter of the payment of their respective quotas towards the cost. Under the rules the cost has to be borne in agreed proportion.

2/4 The Executive report that the Govt should treat the Municipality while taking up this matter next year as no provision however has now been made in the current year's budget. The reply of the Dt Bd is awaited

2/5 Of the whole amount to be met in agreed proportion by the Govt, Dt Bd & the Municipality, there is seems to be no need to grant a loan of Rs 6000/- asked for by the Chairman Municipality

The amount at the credit of the Chattram Savings Fund is so small and the claims on it so many that it is desirable not to deplete it by the grant of such a big (to the fund) sum on a long term loan. I suggest that the amount be lent by Government. If that is not possible, a loan of Rs 6000/- may be advanced subject to repayment in not more than ten annual instalments with interest at 5 per cent. on the balance, on the understanding that the Nanjaraja Bahadur Chattram will be reimbursed the interest paid in the shape of enhanced rent.

Some of the Mussalman residents complained that the House Building Co-operative Society had not been provided with funds for making further loans. On enquiry, it was ascertained from the Registrar that the number of pending loan applications from persons (Hindus and Muslims) who could give security was only 14 and that a sum of Rs.10,000 would be sufficient to dispose of these applications. This amount, the Registrar said, could be easily secured from the Apex Bank. He was requested to take the necessary action.

As the site and building standing thereon are worth not less than Rs.10,000/- even at the rate of 1 Rupee a square yard for the land and as a disposal of the land for a charity for anything less than its proper value not connected with the name of the donor of the Chatram, wuuld be open to serious objection besides causing loss to the capital value of the charity,resolved that the existing building be made available to a Veterinary Hospital at the cost of the Chatram Funds on the site referred to and rented out for the Veterinary Hospital. This the Committee feel would provide accommodation for the hospital for rent without depreciating the capital value of the charity. At any time the scheme of Mr.Banumiah's charity matures there would be no -- objection to sell this property for a proper valuation.

OFFICE OF THE DIRECTOR,
BANGALORE,

25th July 1931.

Dear Mr. Sreenivasiengar,

As instructed by the Dewan, I went into the question of the Veterinary Hospital in Mysore with Mr. T.G. Rama Iyer on the 23rd instant. Mr. Rama Iyer has taken up the question with the Chattram authorities and has, so he informed me, persuaded them to construct the necessary buildings on the land chosen for the purpose. He further assured me that the rental for these buildings after construction would be borne by the City Municipality. He hopes to have the buildings completed by Dasara time.

The only alteration in the proposals already submitted will be the remodelling of the present liquor shop building to make the main hospital block. This building is of practically the same dimensions as the plan already approved and the building when altered will follow the design prepared by Mr. Krumbiegel. Its position on the ground plan will be somewhat different from that proposed but inspection of the spot with Mr. Rama Iyer showed that this is a very minor matter.

The construction will, I understand, be carried out at much below the original estimates owing to the fact that material made

made available by the demolition of other buildings will be largely used.

I consider the arrangement proposed by Mr. Rama Iyer an excellent one and trust that it will receive the approval of Government.

Yours sincerely,

D. Sreenivasiengar, Esq, B.A.,
Secretary to the Government of Mysore,

SIR,

In continuation of my D.O. No.Roc.1620-C.V.248/30-31 dated 25-7-1931 re. construction of a building in the compound of the Nanjaraj Bahadur Chattram at Mysore for locating the Veterinary Hospital, I have the honor to forward herewith copy of letter No.G.T.747 dated 13-11-1931 from the President, City Municipal Council, Mysore, together with that of its enclosure, requesting to be informed of my views in the matter of payment of a monthly rent of Rs.70/- if a building for locating the Veterinary Hospital is constructed by the Chattram authorities and to state that the estimated cost of the building as per plans prepared by the Public Works Department works out to Rs.31,000/-. Interest at 6% per annum on this will be Rs.1860/- or Rs.155/- per mensem. But the rate of interest on the outlay on the basis of the rent claimed in the resolution of the Managing Committee of the Chattram works out to only 2.7%. I consider therefore that it would be quite advantageous to accept the offer of the Managing Committee and request you to be so good as to obtain the orders of Government to include a sum of Rs.840/- in the next year's budget of the Civil Veterinary Department for meeting the rent of the building in question. In this connection, I may point out that in Bangalore we are paying Rs.80/- (eighty) per mensem for much poorer accommodation.

SIR,

With reference to your letter No.D.3498/C.V.110-30-9, of the 11th instant, I have the honour to reply as follows:-

1. The Veterinary Hospital, Mysore is at present located in two or three small structures little better than huts under the Doddakere Tank.

2. These buildings belong to the Municipality.

3. No rent is being paid.

I was under the impression that the Municipality would be prepared to pay the whole of the rent of the new building when erected. I now learn from the President, Municipal Commission that the Municipality is not likely to agree to pay more than half the rent. It is possible that the District Board may be induced to pay a portion in which case the balance would have to be met by Government and the District Board.

I have the honour to be,

To

M. Venkatanarainappa, Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

SIR,

I have the honour to state that the Superintendent, Civil Veterinary Department, opines in connection with the Mysore Veterinary Hospital, now under construction, that the operation shed and the trevis should have been put up far away from the road to avoid the gaze of the passers-by. The trevis shed having however progressed too far to admit of removal, he proposes that the operation shed, that has come up only to basement level, may either be shifted to the other side of the main block or a compound-wall erected by the roadside and a parapet wall of 4' put up all round the operation shed with a trap door entrance for leading animals.

He further represents that it is necessary to provide a cattle shed and a dog kennel towards the compound wall of the choultry before the hospital is shifted to the New Buildings.

I agree with him and request you to be so good as to obtain early sanction of Government for the above improvements being effected.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.

Dated, 11th December 1934.

Dear Mr. Venkatanaranappa,

REV. SECRETARIAT
4 DEC. 1934
BRANCH.

With reference to your D.O. letter No.3690 C.V. 110-30-19 dated the 29th November 1934 regarding the new Veterinary Hospital at Mysore, I write to inform you that the construction of the Hospital has been completed and that the building is under occupation since 15th August 1934. As per statement of expenditure hereto appended, the total cost of the building comes to Rs.17,186/- against an estimated amount of Rs.17,400/- as corrected by the Chief Engineer, including the cost of dismantling and re-constructing the toddy shop which had not been contemplated at the time of submitting the estimate. Consequent on the shifting of the site from inside the premises of the Chathram to outside the premises, a portion of the private land belonging to one Mr. Sivaramiah had to be acquired to proceed with the construction of the Hospital. As the cost of the acquisition was not included, or thought of originally, it was proposed to be met out of a loan of Rs.6,000/- to be obtained from Government. The matter is still pending orders of Government. If the cost of the acquisition is also included, the total expenditure on the Hospital will amount to Rs.20,686/-.

The total expenditure has been proposed to be met out of the Nanjaraja Bahadur Chathram Funds as per Government Order No.436-9/Muz. 217-32-2 dated 14/16th October 1933 partly by the sale of the securities to the extent of Rs.7,200/- held in the name of the Chathram and partly by utilising the amount available in current deposit in Savings Bank Account No.1139 in the Mysore District Treasury to the extent required. Government in their Order No.03616-18/C.V. 110-30-10 dated the 19th January 1932 sanctioned the payment of a rent of Rs.70/- per mensem to the credit of Nanjaraja Bahadur Chathram Funds if the Hospital was

constructed out of the Chathram Funds. Accordingly, the Nanjaraja Bahadur Chathram Fund Committee undertook to finance the whole scheme out of the funds available to their credit.

As the scheme was undertaken as an investment of Chathram Funds yielding revenue in the shape of rent proposed to be paid by Government, neither the Municipality nor the District Board was consulted in the matter of meeting their quota of the cost.

In regard to the promise of the late Dharma Prakasa Sowcar D. Banumiah to contribute a sum of Rs.10,000/- towards the construction of the Hospital, his sons say that they are not in a position to fulfil the desire of their late father. As the promised contribution was conditional on the Government's and District Board's quotas being paid earlier, which practically meant indefinite postponement of the matter, recourse was had to finance the scheme out of Nanjaraja Bahadur Chathram Funds. A copy of letter received from late Mr. D. Banumiah in the matter dated 7th July 1931 is forwarded for reference.

Yours sincerely,

M. Venkatanaranappa, Esq., B.A.,
Secretary to the Government of

Copy of letter dated 7th July 1931 from Mr. D. Banumiah R.A. Member and Municipal Councillor, Santhepet, Mysore, to the President, City Municipal Council, Mysore.

With reference to your No.G.T.11 dated 6th July 1931, I wish to inform you that I have no objection to my contribution being utilised to put up the necessary urgent structures.

The understanding is that the District Board of Mysore should pay Rs.10,000/- the Mysore City Municipality should pay Rs.10,000/- I should pay Rs.10,000/- and the Government Rs.10,000/-.

I shall draw the cheque in favour of the Contractor when the structures are finished and after the District Board and the Municipality have paid their shares of the contribution.

Dear Mr. Venkatanaranappa,

In inviting kind reference to my D.O. letter No.728 dated the 11/13th December 1934 regarding the new Veterinary Hospital at Mysore and forwarding a copy of my D.O. letter No.947 dated the 23rd February 1933 addressed to the Private Secretary to the Dewan in the matter of enhancing the rent to the new building from Rs.70/- to Rs.100/- a month in view of the heavy investment made by the Nanjaraja Bahadur Chathram Funds to the extent of Rs.17,287/-, I write to request that you will be so good as to obtain very early sanction of Government for the following items:-

1) Sanction of Government to the estimate for Rs.17,400/- as transmitted by the Chief Engineer for constructing the Veterinary Hospital building in Nanjaraja Bahadur Chathram premises.

2) Sanction to the expenditure already incurred as per statement of expenditure transmitted to you in my D.O. letter No.728 dated 11/13th December 1934.

3) Sanction to the loan of Rs.6,000/- prayed for at a low rate of interest for carrying out other urgent works and for the payment of compensation for the extent of land acquired from Mr.Sivaramiah.

4. Sanction to the payment of Rs.100/- per month from August 1934 up to date and onwards for the Veterinary Hospital instead of Rs.70/- a month already sanctioned as per G.O. No.03616-18/C.V.110-30-10 dated the 19th January 1932.

I may here mention for your kind information that at a meeting of the Members of the Nanjaraja Bahadur Chathram Fund Committee held on 14th February 1935, it was resolved that Government sanction may be sought for the promised enhanced rent of Rs.100/- a month instead of Rs.70/- sanctioned in the year 1932.

I request that early orders may kindly be obtained in the matter.

I am instructed

reference to your G.O. Nos. No 17/33-34/160 C.V. dated 5/6/34, to furnish your opinion in the matter of erecting the Lobo-Cort-Gyte Rural Veterinary Hospital building at Alipore, ~~by Govt~~, I am desired to state ~~to you~~ that the Chairman of Alipore City Improvement Trust Board has intimated that the ~~construction of the hospital building~~

building was completed at a cost of Rs 17,186/-
and occupied from 1578/34.

Consequent to the change in the position of the site on which the building was erected - a portion of the private land outside the Nanjaraja Bahadur Chattram premises was acquired for the above purpose. The total expenditure including the cost of the acquisition came to Rs 20,686/-

With the result that the total cost amounts to Rs 20686 of expenditure

A copy of the statement received herewith from the Chairman is enclosed for reference.

According to the rules the total cost has to be borne by Govt, the Dt Bd & the Municipality in equal proportions.

Hence the bodies concerned have to meet a one-third of the total cost.

Hence, I request that the President of the Municipality and the Dt Bd, Mysore may be addressed to in the matter of meeting their respective quotas of the amount of their respective

GENERAL SECRETARIAT 11 MAR 1936

Sir,

With reference to your letter No.D.4984/C.V.110-30-24 dated the 14th February 1936, forwarding for remarks a copy of letter No.C.3283/33-34 C.V.292 dated 7th July 1934 from the Director of Agriculture regarding the construction of an operation shed and providing cattle-shed and dog-kennel to the Veterinary Hospital building at Mysore, I have the honor to state that the Hospital was occupied on the 15th August 1934 and that by the time the suggestions of the Director of Agriculture were received the construction of the trevis and operation shed had advanced too far to admit of any change either in the site or in the design.

As suggested by the Superintendent, Civil Veterinary Department, a compound wall has been erected on the road side and a parapet wall of 4' with a trap door entrance has been provided all round the operation shed.

The whole scheme was financed by the Nanjaraja Bahadur Chathram Funds and the construction of the cattle-shed and dog-kennel has had to be deferred for want of sufficient funds. A sum of Rs.3,000/- is now available out of Nanjaraja Bahadur Chathram Funds for the construction of the cattle-shed and dog-kennel. The modified and up-to-date designs and estimates for them have been called for from the Government Architect. On receipt of the designs and estimates from him action will be taken to get sanction to the estimates both by the Nanjaraja

Bahadur Chathram Fund Committee and Government.

I have the honor to be,

Sir,

Your most obedient servant,

Chairman.
